

## **Full Time Investment Analyst – Private Equity Investment Team**

We are seeking an Investment Analyst to join our Oilfield Services Investment Team.

With over \$5.3 billion of investor commitments across eight funds, ARC Financial Corp. is Canada's largest energy focused private equity manager. We are focused on Canada and invest in companies that explore, acquire and develop crude oil and natural gas reserves and production, and in Oilfield Service companies that provide supporting services and equipment.

Oilfield Service has been a critical part of ARC's investment strategy since Fund 1 was raised in 1997, having sponsored more than 30 portfolio investments. Our established reputation, experience and size allow us to pursue a diverse range of investment strategies ranging from private start-ups, restructurings and recapitalizations, to buyouts. Our current Oilfield Service portfolio includes both public and private companies that provide services and/or manufactured products within fracturing, drilling, cementing, artificial lift, proppants, and waste management.

ARC leverages its extensive domain expertise and energy capital markets knowledge, deep industry relationships and rigorous investment management practices. We manage the capital entrusted to our firm with diligence and integrity. Our culture emphasizes the value of long-term partnerships and high quality relationships within our company, with our portfolio companies, our investors, our service providers and the communities in which we invest.

As a member of the investment team you will have the opportunity to work in a team-based environment. The diverse technical and financial background of our team and our wide range of daily activities will ensure that you are exposed to all aspects of the business. Some of your roles and responsibilities will include:

- Financial modelling and corporate financial analysis
- Assisting in the due diligence of new investment opportunities
- Maintaining our industry and investment benchmarking databases
- Participating in internal investment strategy and research meetings
- Monitoring all aspects of the investment portfolio

### **Skills and Education**

- Undergraduate degree in business, engineering or other technical field
- A strong work ethic and keen attention to detail
- Superior quantitative, analytical, communication and presentation skills
- Exceptional knowledge of Microsoft Excel
- Excellent interpersonal skills and a desire to be a team player

### **Ideal Candidate**

The successful candidate will be an energetic, entrepreneurial self-starter with a demonstrated track-record of high achievement who has a strong desire to build a career in the private equity business. Two to five years of experience within the oilfield service industry is preferred. A commitment to pursue the CFA program would also be beneficial. This is a 2 year contract position, with the opportunity for a longer term role.

Interested candidates should e-mail or mail (no phone calls) a one page resume, cover letter and university transcript to:

ARC Financial Corp.  
Suite 4300, 400 - 3rd Avenue S.W.
